Hi Shari,

The requesting party for records always fills out the portion that you are saying needed to be filled out by us. For instance, how do I know where they should send it to or who the point of contact is? So you were supposed to fill that in f-i-r-s-t and then send to me to execute.

I figured you would do it afterwards, which is fine, and then the expectation is for you to send it back to me for my records.

Please note I am not going to have them sign releases for a 3<sup>rd</sup> time due to this issue. Please fill in what you want in the forms we submitted and send to me afterwards.

Please also note I have having surgery this morning and will be working from home for the next 3 weeks. I am CC'ing Xochitl to this thread for future correspondence.

Many thanks,

Counsel,

Attached are two signed releases we received from Gloria's office. Also attached is my previous e-mail attaching release forms to be completed.

The signed forms are substantially incomplete. They do not authorize release of all records and do not specify that records be sent to our office.

Please return the correct signed releases – the form that we provided – as soon as possible so that we may obtain complete records. If plaintiffs object to the release of their records, please advise.

Thank you.
